Variable Speed Modification Available on Commercial Openers

- For Pro-TB, Pro-HHD, Pro-GH & Pro-GHC
- Perfect for First Responders, Ambulance Bays, Fire Halls and Underground Parking
- Ideal for high end condo buildings with high traffic and a requirement for a quiet operator
- Allows 14' sectional door to open in less than 7-8 seconds
- Opens and closes the door faster, allowing for savings on heating and cooling costs
- Superior drive performance when compared to conventional sectional door operating systems
- Allows for high speed operation without risk of dropping cables
- Reduces wear on door and hardware • Extends life cycle of the entire door system
