

8 DOOR INDUSTRIAL TRANSMITTER

MODEL# 8L5-OCS

Manufactured by Devanco Canada, this three-button 8-door transmitter (open, stop, close), delivers the latest in performance and provides a durable cost effective radio control solution for your customers. The 8L5-OCS is splash resistant and has a bright yellow rubber protective outer jacket that not only helps locate the transmitter with ease, but it also protects the transmitter if it gets dropped.

COMPATIBLE WITH:

ALL LIFTMASTER® LOGIC 5.0 COMMERCIAL OPERATORS
Upgraded with MyQ® Technology and Security+ 2.0®

850LM
LiftMaster® universal receiver, Security+ 2.0®. Designed for both gated communities & commercial buildings.
